Dear Lou & Betty Karalis,

You are such an angel! Thank you, thank you for your most generous donation of \$2,500 to the Cancer Schmancer Foundation on behalf of the Geoffrey and Brynne Edelsten wedding. This is truly a *movement* in honor of the beautiful women who lost their lives due to late stage diagnosis. And I thank you for being part of it.

In the United States, one in every three women will be diagnosed with cancer in her lifetime. Yet, there's still no cure. I am leading Cancer Schmancer, along with millions of women across the U.S., to spin cancer on its head by transforming women from patients, which implies passivity, into medical consumers. So, with your support, we will continue to empower women to listen to their bodies, ask the right questions of their doctors and seek second opinions. We can prevent cancer and, if we still end up with it, detect cancer in its earliest stages.

We are the pioneers of a new frontier that, together, will shift the course of women's health history. Thank you for all your support. The daughters of tomorrow will thank us, the visionaries of today, for a world where women and their families can live long and healthy lives, cancer-free!

Be Well,
